Portfolio

EXPERIENCE

Yesteryear Games — *Co-founder, Web, Aesthetics*

SEPTEMBER 2023 - PRESENT

Developed and deployed a custom website for my studio's game, Bat Bots. Produced background sprites and particle effects for game customization.

ChangelingVR — *Lead Web Developer*

MAY 2023 - AUGUST 2023

Oversaw a team of 5 in the development of several interactive experiences hosted on the ChangelingVR website.

PROJECTS

echoes — *Lead Web Developer*
MARCH 2024 - PRESENT

Worked with RIT faculty to propose this VIP course, which received a greenlight.
Improved development workflow by setting up a CI/CD process with GitHub Actions and Vercel, saving money compared to Vercel's GitHub integration.

ThenToMeet — *Personal Project*
AUGUST 2024 - SEPTEMBER 2024

Reduces the frustration of navigating large scheduling events by creating an intuitive UI for sub-group selection, improving user experience and efficiency.

EDUCATION

Rochester Institute of Technology — *BS/MS in Game Design & Development*

GRADUATING MAY 2025

Completing a BS and MS in Game Design and Development via RIT's Combined Accelerated Bachelor's/Master's Degree program.

GPA: 4.0
